■ HOUSE & OUTDOOR RULES

• **No Smoking Indoors:** Please smoke on the outdoor patios only and use the provided ashtrays.

• **Outdoor Quiet Hours (9:00 PM):** Sound echoes easily through the canyon in our residential neighborhood. Please take the party indoors after 9:00 PM!

• **Dogs:** Keep dogs leashed anytime they are outside the home or fenced area, and please clean up after them. Waste bags and protective couch sheets are in the pantry.

• **Children:** The home is not baby-proofed. Please move any fragile or hazardous items out of reach.

• **Accidents:** Accidents happen! Please let us know right away if anything breaks or gets damaged so we can repair or replace it for the next guests.

■■ HEATING, COOLING & FIREPLACE

• **HVAC Systems:** Please do not change the mode settings (Heat/Cool). All upstairs units share one outdoor compressor, and all downstairs units share another. Running opposite modes on the same floor (e.g., heating one bedroom while cooling another) can break the system.

• **Gas Fireplace:** Use the red wall switch to the right of the fireplace to turn it on and off. Please do not adjust the gas or flame, and always turn it off before sleeping so the mantel does not overheat. (Unavailable during warm months).

■ CHECK-OUT CHECKLIST (11:00 AM)

• ■ **Trash & Recycling:** Tie up all trash in bags and place them in the outside bin (no loose items, as we haul it off-site to city containers). Leave clean recyclables inside.

• ■ **Climate Control:** Turn off all heating and AC units.

• ■ **Lock Up:** Close and lock all doors and windows, and leave the keys on the counter or under the mat.

If there is anything I can do to improve your stay, please call or text anytime.

Thanks for choosing Dragonview!
